MARSHALL ELECTRONICS PORTABLE FIELD MONITORS

These models are designed for outdoor and high ambient light situations. The LCD70XP and LCD651STX models have expanded hi-definition input options (HDMI, 3GSDI, e.g.), false color exposure assist, and peaking filter focus assist. The LCD50 model uses a single HDMI input and is power by AA batteries or an included AC power supply. The LCD651STX and LCD70XP models are also available with Canon, JVC, Panasonic and Sony battery mounts.

SONY
make.believe

See what you've been missing.

If your monitor can't reproduce all the highlights and shadows, you're reduced to guesswork. That's why professionals are choosing Sony's PVM-740 Organic LED monitor. The OLED difference is black and white: rich, powerful blacks, brilliant peak whites, plus ChromaTRU™ color for everything in between. You'll get incredible in-scene contrast, even in ambient light. And you'll take advantage of a full complement of features.

Stop missing out. See the complete picture with the PVM-740.

SONY BRAVIA LCD HD TELEVISIONS

Featuring full HD 1080p resolution with BRAVIA Sync compatibility which allows you to control Handycam camcorders and Cyber-shot digital still cameras using the TV's remote and an on-screen display. Motionflow™ 120Hz technology offers greater clarity and resolution. Every scene will be sharp, vibrant and life-like thanks to BRAVIA Engine™ 2 fully digital video processor. A 150,000:1 dynamic contrast ratio yields deep blacks in darker scenes. This series also includes 7 HD inputs - 4x HDMI, 2x component, 1x PC (HD-15 pin), to ensure the best image quality from all HD components. Other features include 24p True Cinema capability and USB input for photos and music.

ITEM	DESCRIPTION	PRICE
KDL40EX500	40" 1080p HDTV Motionflow, 7 HD inputs	809.99
