

Apex190

PENCIL CONDENSER

APPLICATIONS: Acoustic Guitars & Stringed Instruments, Brass & Woodwinds, Drum & Percussion Instruments, Drum Overheads, Acoustic Piano, Live Room Recording

DESCRIPTION:

The Apex190 is a high quality, high sensitivity, wide range unidirectional condenser microphone. The tight cardioid pickup pattern is useful in most applications where there is a need to reduce unwanted background noise and control feedback.

The mic is enclosed in a rugged, low reflectance matte black finish making it ideal for instrument micing in any studio, broadcast or live applications where a high performance overhead mic is required.

FEATURES:

- Low Profile Pencil Condenser Microphone
- Black Low Reflective Finish
- Operates with Phantom power or internal battery

SPECIFICATIONS:

Type	Back Electret Condenser
Polar Pattern	Cardioid
Frequency Response	70Hz - 17kHz
Sensitivity	-65dB +/- 3dB
Impedance	250 Ohms +/- 30% at 1kHz
Max SPL	135dB
Phantom Power	9V - 52V DC, 2.0mA typical

ACCESSORIES:

Microphone Clip, Windsock, Soft Carry Bag

POLAR PATTERN:

Cardioid
