STACKERS™ TAPERED TOP HATS

Stackers™ Tapered Top Hats are a complete product line of professional grade lighting accessories that serve two important functions: To control spill light caused by defects in lighting fixtures, and to keep distracting bright lights out of audience eyes or camera positions. In addition, the unique design of Stackers Tapered Top Hats allows the top hats to nest together without sticking, and only take up a fraction of the space of regular cylindrical top hats. Much less storage space is needed and shipping costs are lower.

Features:

- Unique patent pending tapered design with a shoulder that allows stacking without sticking.
- A full line of popular sizes for Source Four™, Selecon Pacific™, Altman Shakespeare™, and other sizes.
- A full line of half top hats
- A full line of short top hats
- A full line of short half top hats
- Round frames allow rotation of half top hats for optimum alignment
- Black flocked interior for maximum light absorption
- Lightweight aluminum construction

Part#	Size/Model	A	B	C	D
2840	Stackers 6 1/4" Full Top Hat	6 1/4"	5"	5"	5 3/8"
