## CC-BNC/RCA/F

BNC, RCA & F Compression Connectors

---

Kramer's solder-free compression connectors reduce service calls by supplying strong, secure and lasting connections. Crafted to withstand 80lb (36.3kg) of force, our compression connectors provide full 360° electrical continuity even under the most punishing conditions. The radial design reduces the possibility of an impedance problem and defeats ingress/egress at the connector. Internal "O" sealing rings prevent moisture migration, while the large ferrule surface insures proper RF and digital interfaces

### FEATURES

---

One Compression Tool for All Connectors

Color-Coded Connectors - See table below

25 Connectors Per Package - all models, except for CC-BNC-179 (50 Connectors Per Package), see CONFIGURATIONS
