IP65
SUITABLE FOR OUTDOOR USE

Available with black or white housing!

7* 3W RGB LEDs + IR Remote

While everyone else was hanging out with those loud, brash musicians, Sketch™ found himself more of a wallflower. He's a little fella sure, but he's got plenty where it counts.

For starters, he's got a thick skin - IP65 to be exact. And he's always in control thanks to his infrared remote (sold separately). And even though he's small in stature, he makes up for it by being an extra bright little guy, mainly thanks to his seven three-watt tri-color LEDs with custom-designed lenses.

In short, our little Sketch™ has been a bit of an inspiration to us all.

We'd love to see Sketch™ light up your life the way he has ours, whether that's in or on your home, office, shop, or... wherever. Sketch™ is our first fixture designed specifically to beautify the many spaces of our lives off the stage. Make him feel welcome!

Main Features

- Exceptional RGB color mixing from 7x 3W RGB LEDs
- Fully controllable via IR remote control (included)
- Advanced heat sink design for zero fan noise
- Secure mounting bracket
- Multiple built-in color presets and auto programs
- User adjustable program speed & fade times
- 0-100% variable electronic dimmer
- Variable electronic strobe
- Durable cast aluminum housing
- Tempered glass lens and watertight internal gaskets

Optical

Light Source: 7x 3-Watt
RGB LEDs

Beam Angle: 25°

Luminous Intensity:

4,940 Lux @ 1-meter
1,300 Lux @ 2-meters

Weight + Dimensions

Length: 6.29" (16 cm)

Width: 2.78" (7.5 cm)

Height: 3.54" (9 cm)

Weight: 2.87 lbs (1.3 kg)

Control

Protocol: USITT DMX-512

3-channel DMX Modes

Standalone, Master/Slave,
Auto Mode

3-pin XLR In/Out
Connections

IR-2 Remote Control

Power + Current

100-260VAC, 50-60 Hz

Power Consumption:
21W, .26A, PF: .48

Warranty

2-year limited warranty,
does not cover
malfunction caused by
damage to LEDs.
