An ideal stand for all accordion players. It is a practical aid to avoid overstressing your back and useful for the musician when performing. The stable foldable 4-legged construction with integrated levelling screw is easy to transport. A comfortable clamping screw adjusts the height from 28.74 to 44.684". An ergonomically optimal posture is possible due to the fully adjustable angle of the accordion holder from +/- 22°. The depth of the stand can be adjusted from 5.314 to 9.842" and the height from 14.96 to 23.031". The stand is suitable for all standard accordions.
