# Cast Presentations Your Way

Share presentations securely via Wi-Fi or Ethernet with the AVer AW200 4K Wireless Presentation System. One receiver and 2 transmitter pods are included enabling wireless or wired streaming of media at up to 4K resolution. Each AVer 4K Pod has an HDMI and Mini DisplayPort™ input to support a variety of device types. Use as a standalone wireless presentation system for your conference room or plug it into your existing network for an integrated user experience!

4K Resolution

Supports All OS

Wi-Fi & Ethernet

Expandable

1-Year Warranty

## No App Required

Plug and play design doesn't need additional software or drivers for easy installation. The Pod features a single button to tap to initiate sharing.

## Supports Split-Screen Display of up to Four Sources

The AW200 allows up to four input sources to share the screen simultaneously.

## Engineered for Easy Management

Each AW200 receiver comes with its own web management interface.

## Enhanced Compatibility

Supports devices with HDMI or Mini DisplayPort with resolutions up to 4K. Also compatible with AirPlay and Google Cast.

## Expand with additional wireless pods

Purchase additional AP200 4K Wireless Transmitter Pod to increase the number of devices that could share screen at the same time (for expanded usage in larger conference spaces).

## Best Value. Best Service

Our products are designed for best performance and value with the industry-leading customer support behind them.
