

# Standard

## SD-5

Standard Dynamic Microphone  
with **hemisphere** Mic Modeling

# Congratulations

Your new SD-5 Standard Dynamic Microphone with Hemisphere Mic Modeling is designed to deliver years of uncompromising sonic performance.

The SD-5 is a professional dynamic studio microphone suitable for a wide range of audio applications. With its supercardioid polar pattern and extended low frequency response, the SD-5 is perfect for capturing kick drums, bass guitar amps, and other high SPL sources.

# Get Hemisphere

Your SD-5 includes Hemisphere mic modeling, giving you a collection of the greatest mics ever made.

Follow these steps to get your Hemisphere Mic Collection plug-in:

- 1 On your computer, visit [uaudio.com/mics/hemisphere](https://uaudio.com/mics/hemisphere)
- 2 Download, install, and open the UA Connect application.
- 3 Click the **+ Add Hardware** button in the app and enter the serial number, which can be found on the package or the XLR connector, then download your plug-in.
