VU® KEYBOARD STANDS

X-Style stands with adjustable height. A spring-loaded locking pin engages with slots to provide positive latching height adjustment from 22.5" to 38" in five steps. The squeeze trigger release can be operated with one hand, for quick and easy height changes or to flatten the stand for travel. KBX100-10B is a single-braced design for use with keyboards up to 100 lbs. KBXX200-10B is a dual-braced X stand designed for keyboards up to 200 lbs.

ITEM	DESCRIPTION	PRICE
KBX100-10B	Single-braced X stand, 22.5"-38", 100 lbs	44.99
KBXX200-10B	Double-braced X stand, 22.5"-38", 200lbs	59.99

VU SYMPHONIC MUSIC STAND

The MUS400-10B is a traditional, long-lasting and highly durable music stand. It is constructed of steel with a welded base and features a 20" x 13" book plate with a friction-tilt neck. The height of MUS400-10B is adjustable from 25.875" to 48" via a "clutchless" chrome inner shaft. This music stand is ideal for churches, schools, orchestras or anywhere else a durable music stand is needed.
