

SMALL LAVALIER. BIG POSSIBILITIES.

Countryman's B2D—the world's smallest directional lav—opens up huge options. How will you use it?

The tiny B2D hides in plain sight. With excellent sweat and makeup resistance you can use it as a hair microphone.

The B2D comes in five colors to blend in with skin and clothes, and sensitivities optimized for speaking or singing.

Aramid fiber reinforced cable and rugged flex and strain relief provide over 40 pounds of break strength.

No matter how the talent twists and turns, the tight hypercardioid pattern and consistent on- and off-axis frequency response isolate and ensure natural sound.

Magnetic and clip-on low-profile vibration-isolating clips position anywhere and dramatically reduce handling noise.

Detachable connectors switch from hardwired to wireless in seconds.
